

# THE PROS KNOW HOW TO **PERFORM** **UNDER PRESSURE.**

Maintaining proper tire inflation level is so important that, beginning with the 2008 model year, Tire Pressure Monitoring Systems are now government mandated on most new vehicles.

Tire safety studies have also shown that under-inflated tires can degrade vehicle handling, decrease fuel economy and increase tire wear.

Good thing then, that ACDelco has Tire Pressure Monitor replacement sensors for these vehicle applications.

Contact your local ACDelco sales representative or your ACDelco WD for ordering information.

TOP TIRE PRESSURE MONITOR APPLICATIONS			
Part Number	Description	Years	Applications
15114379	Sensor ASM — Tire Pressure IND	2005 – 2006	Chevrolet Tahoe, Chevrolet Suburban, Chevrolet Avalanche
15136883	Sensor ASM — Tire Pressure IND	2004	Chevrolet Tahoe, Chevrolet Suburban, Chevrolet Avalanche
15268606	Sensor ASM — Tire Pressure IND	2006 – 2007	Chevrolet Impala, Cadillac DTS, Cadillac Seville
15268606	Sensor ASM — Tire Pressure IND	2006	Cadillac DTS, Cadillac Seville
25773946	Sensor ASM — Tire Pressure IND	2004 – 2005	Cadillac DeVille
25799331	Sensor ASM — Tire Pressure IND	2007	Cadillac SRX, Buick Lucerne, Chevrolet Impala, Chevrolet Monte Carlo
